PARTY IDEAS

IT ALL ADDS UP!

Lollies are packed full of sugar and no goodness. Did you know?

1 Jet Plane = 1 tsp sugar
1 Lollipop = 2 tsp sugar

Sugar adds up during a party, so look for naturally sweet goodies. Frozen blueberries and grapes taste great!

Tired Children

There seems to be quite a lot of tired children at the moment. Please make sure children are going to be bed at an appropriate time and not staying up late watching tv or playing computer games. When they are tired, they become irritable and find it hard to concentrate.

Fact-A-Thon

The senior students have been busy learning basic facts and trying to find sponsors to help fundraise for camp. The students are fundraising for their meals for 2 nights and 3 days. The senior school are looking forward to seeing the students all improving in their basic facts and raising money. There will be a list of all students who win prizes in the school newsletter in a couple of weeks time. Thank you all for your continued support.

Grandparent Network

We have noticed in our school that there are many grandparents raising grandchildren. We wondered if there was a need or a want to establish a grandparent network. We could organise a morning or afternoon tea for you all to meet each other and have an opportunity for you to ask any questions about the school, teaching programmes or issues that you think we need to be aware of. If you are interested, please contact Whaea Leiana our Deputy Principal.

Volunteers Wanted

Do you want to know more about the food you buy?

We are looking for Māori and Pacific volunteers for a University of Auckland research project that we think may be of interest to parents and families.

The research aims to compare the effects of different types of nutrition labels on household food shopping choices. Volunteers living anywhere in New Zealand and who own a smartphone can take part.

Study participants will receive up to \$90: a \$10 Countdown voucher at week 1 and \$80 Countdown voucher on completion of the 5 week study and questionnaire.
